See You Fall

David Usher

Just another afternoon and i'm choking down tea for two
when you've flown so far away,and you know im waiting
when the consequence of rage comes crashing through the living room floor
when i thought id found a life, seems ive been mistaken
so i'll take the paid holiday,but i just cant set foot on the plane
well your voice gets in the way, guess i'll drive cross country
[Chorus x 2]i see you fall i see you fall,
i've never seen you look so beautiful

well my suits been pressed and cleaned
and i've never seen you people before
well we'll wander through the town
and we'll sing our sad songs
as i lower you into the ground
and you've never seen these people before

with the bullets falling all around
and they sing their sad songs
[Chorus x 2]i see you fall i see you fall, i've never seen you look so beautiful
i just keep moving, i see you watching
i see you waving from the window
and i think im falling
just keep driving
there is nothing to forgive now
[Chorus x 2]
and i see you fall i see you fall
i've never seen you look so beautiful
hold on, hold on, hold on.....
