

# Evacuate The Dancefloor (radio Edit)

## Cascada

Turn up the music  
LetÃ,Â's get out on the floor  
I like to move it  
Come and give me some more  
Watch me getting physical  
Out of control  
ThereÃ,Â's people watching me  
I never miss a beat

(refrão 1)  
Still the night  
Kill the lights  
Feel it under your skin  
Time is right  
Keep it tight  
Ã,Â'Cause itÃ,Â's pulling you in  
Pump it up  
You canÃ,Â't stop  
Ã,Â'Cause it feels like an overdose  
(Feels like an overdose)

(refrão principal)  
Evacuate the dancefloor  
IÃ,Â'm infected by the sound  
Stop this beat is killing me  
Hey little DJ let the music take me underground  
Evacuate the dancefloor  
IÃ,Â'm infected by the sound  
Stop this beat is killing me  
Hey little DJ come burn this place right down to the ground

My bodyÃ,Â's aching  
ThatÃ,Â's some overload (Overload)  
TemperatureÃ,Â's rising  
IÃ,Â'm about to explode  
Watch me IÃ,Â'm intoxicated  
Taking the show  
ItÃ,Â's got me hypnotised

Everybody step aside

(refrão 1)

Still the night

Kill the lights

Feel it under your skin

Time is right

Keep it tight

Ã,Â‘Cause itÃ,Â’s pulling you in

Pump it up

You canÃ,Â’t stop

Ã,Â‘Cause it feels like an overdose

(Feels like an overdose)

(refrão principal)

Evacuate the dancefloor

IÃ,Â’m infected by the sound

Stop this beat is killing me

Hey little DJ let the music take me underground

Evacuate the dancefloor

IÃ,Â’m infected by the sound

Stop this beat is killing me

Hey little DJ come burn this place right down to the ground

Come on and evacuate

Feel the club is heating up

You wanna accelerate

Push it to the top

Come on and evacuate

Feel the club is heating up

You wanna accelerate

You donÃ,Â’t have to be afraid

Now guess whoÃ,Â’s back with a brand new track?

They got everybody in the club going mad

So everybody in the back, get your back up

On the wall and just shake that bang

Go crazy

Your lady

Yo baby

Let me see you wreck that bang

Drop it down low low

Let me see you take it to the dancefloor

Yo

(Everybody in the club)  
Evacuate the dancefloor
