

Victorious

Third Day

In all the heavens there is one
Who conquered death alone and brought our freedom
Your throne will last throughout a time
Let all the nations bow and bring you praise

Victorious
You reign victorious

Over sin, over death
Over all, over us

And with the angels we will sing
A blessed multitude of your creation
Rejoicing with our Holy King
The only one that brings us our salvation

In Your mighty name we trust
Let all proclaim You reign
Victorious

All nations rise and they will fall
The kingdom of our God will last forever

Victorious
We lift you up
Victorious
