Hearts on Fire

John Cafferty

Silence in the darkness creeps into your soul
Envy moves the light of self control
The gate that holds you captive has the door
Burnin' with determination to even up the scoreHeart's on fire, strong desire, rages deep within
Heart's on fire, fever's risin', high
The moment of truth draws nearTime will not allow you to stay still, no
Silence breaks the heart and bends the will
Defense is guilty passions out of controlRules and regulations have no meaning any moreHeart's on fire, strong desire, rages deep within
Heart's on fire, fever's risin', high
The moment of truth is hereOH!Is here
Oh yeeeeeaaaaaah!Heart's on fire, strong desire, rages deep within
Fever's risin', energizin', right up to till endHeart's on fire (heart's on fire)
Strong desire (heart's on fire)
Rages deep within
Ooooh
FADES-
Fever's risin' (heart's on fire)
Energizin' (heart's on fire)
Right up till the end
Ooooh
Heart's on fire (heart's on fire) (heart's on fire)
Strong desire (heart's on fire)
