Thank You

J. Holiday

Girl, it's my pleasure to do whatever, whatever you like
And if you say it, then I will do it all night
You got me screamin' my my
M-m-my my, m-m-my my, m-m-my my, my baby
Girl, I wanna know if I wine you and I dine you
Will you wake up in the mornin' in my bed?
Don't you tell me no
From the bar to the car, we ain't got that far, no, no
To the boom boom room, got something for you, yeah
So hop off in this tub and show your boy some love
Baby, I just wanna thank you
Girl, I wanna thank you for the lovely evenin'
And I wanna thank you for the time we spent
And to show my appreciation
I wanna bang your back until the mornin' come
Girl, I wanna thank you for a lovely evenin'
And I wanna thank you for the time we spent
And to show my appreciation
I wanna bang your back until the mornin' come
Now baby, I want
I wanna take my time and put my face in places, oh
That's gonna blow your mind
What I'm gonna do to you ain't never been done to you
And I'm gonna put my name on it
Make you scream in different languages, girl
While we're makin' love all around the world
When we're in France it's je t'adore, in Spain it's mi amor
At the crib, we're on the floor, I just wanna take you

From the bar to the car, we ain't got that far no, no
To the boom boom room, I got something for you
So hop off in this tub and show your boy some love
I just wanna thank you
Girl, I wanna thank you for the lovely evenin'
And I wanna thank you for the time we spent
And to show my appreciation
I wanna bang your back until the mornin' come
Girl, I wanna thank you for the lovely evenin'
And I wanna thank you for the time we spent

And to show my appreciation
I wanna bang your back until the mornin' come
I know that you wanna share
Wanna share love with me
I know that you wanna share
Love with me, babe
Girl, I wanna thank you for the lovely evenin'
I wanna thank you for the time we spent
And to show my appreciation
I wanna bang your back until the mornin' come
Girl, I wanna thank you for a lovely evenin'
And I wanna thank you for the time we spent
And to show my appreciation
I wanna bang your back until the mornin' come
We gon' be bumpin' and grindin' and
Movin' and groovin' and movin' and movin' all night
Girl, we gon' be bumpin' and grindin' and
Movin' and groovin' and movin' and movin' all night
