

Rescue Me

Planetshakers

When I'm alone the world is such a different place
Sometimes it's hard to keep the smile upon my face
It seems like I try so hard and still I let You down
It's taken so long but now there's one thing that I've found When everything starts crashing down
When all I know falls to the ground
When darkness comes and I can't see
You're always there to rescue me Just when I think that I've got it figured out
You open my eyes and let me see that there's no doubt
But You've got it all within the power of Your hand
It seems like the more I know the less I understand When everything starts crashing down
When all I know falls to the ground
When darkness comes and I can't see
You're always there to rescue me When all my strength has turned to fear
When I wonder if You're near
When I don't know how to break free
You're always there to rescue me And I wonder if I'll make it through this darkest night
And I need to know Your strength in me gonna win this fight
And I'm reaching out won't You take my hand show me to the light
And I know You're by my side Oh yeah It seems like I try so hard and still I let You down
It's taken so long but now there's one thing that I've found When everything starts crashing down
When all I know falls to the ground
When darkness comes and I can't see
You're always there to rescue me When all my strength has turned to fear
And when I wonder if You're near
When I don't know how to break free
You're always there to rescue me You're always there to rescue me
You're always there to rescue me
You're always there to rescue me
You're always there to rescue me
