

# Hold N' Back

## Marques Houston

Why you treat me like you do?  
Can it just be me and you  
'Cause I don't wanna play no more?  
If I let go, you let go  
'Cause I just can't get enough  
And I just wanna feel you touch  
But I just gotta know what's up  
What's up, what's up  
Hey girl, come here, sit down  
Lemme holla at you awhile  
Gotta get this off my chest  
Hope that you can handle it  
We've been seeing each other a lot  
Now honestly, I don't want it to stop  
You and me, me and you  
I'm liking what we've got  
Only thing that's bothering me  
We ain't close as we should be  
That's 'cause you're holding back  
Holding back your love for me  
How do you expect to grow  
If you just don't let go?  
Why you tryna hold back?  
Why you tryna hold back  
When you know you want it just like I do?  
Why you acting like that?  
Girl, don't do me like that  
All I'm tryna do is be next to you  
Why you tryna hold back?  
Why you tryna hold back on me, baby?  
All I want is you stop holdin' back on me  
Don't take offense to this  
Not tryna start no mess  
Ain't tryna have you stressed  
This is just a little test  
I wanna see how serious  
Serious you are about us  
Do you like or like me not?  
I'm loving what we've got

Only thing that bothers me  
We ain't close as we should be  
That's 'cause you're holding back  
Holding back your love from me  
How do expect this thing to grow  
If you don't let it go, go, go, go?  
Hey, why you tryna hold back?  
Why you tryna hold back  
When you know you want it just like I do?  
Why you acting like that?  
Girl, don't do me like that  
All I'm tryna do is be next to you  
Why you tryna hold back?  
Why you tryna hold back on me, baby?  
All I want is you stop holdin' back on me  
Every time I get to think 'bout you  
I see I can't be without you  
'Cause you that shit, that's it  
And I really can't leave you now, boo  
I need my fix, your kiss  
Made me wanna let go, I'm 'bout to  
But wait right, quick, I can't slip  
I don't think you're really down with this  
You see, I played these games before  
And I fall every time we go  
But see, I can't no more  
I move slow but I don't really wanna stop the flow  
I don't know what to do  
Gotta just relax and hold back  
Just sit back and roll that, roll that, roll that  
Hey, why you tryna hold back?  
Why you tryna hold back  
When you know you want it just like I do?  
Why you acting like that?  
Girl, don't do me like that  
All I'm tryna do is be next to you  
Why you tryna hold back?  
Why you tryna hold back on me?  
Baby, all I want is you stop holdin' back on me  
Why you treat me like you do?  
Can it just be me and you?  
'Cause I just can't get enough  
And I just wanna feel you touch  
What's up, what's up  
Why you treat me like you do?

Can it just be me and you?  
'Cause I just can't get enough  
And I just wanna feel you touch  
But I just gotta know what's up  
What's up, what's up
