

# First Light

## Joshua Hyslop

Am I not what You want?  
So who should I be,  
If I'm not what You want?

Is there more inside?  
Or does what meet the eye,  
say it all?

Who should I be?  
Who should I be?  
Who should I be?  
Woah, Woah

The first light will dawn  
I'll say goodbye  
It's not right, it's not wrong

So what should I  
have known all along  
Nothing matters, I've tried

Who should I be?  
Who should I be?  
Who should I be?  
Woah, Woah

The first light will dawn  
I'll say goodbye  
It's not right, it's not wrong

And so then should I  
have known all along?  
And if it matters, I try  
If it matters, I try
