

Walkin Blue

Sonic Youth

Hey now, what's the news I heard?
You been seen walkin' blue
I know we're all confused, it's true
I know you feel the same way Everything we see is clear
Everything we feel I'm here to let you know all we need to do
Is just to just let go
You've heard we're born to lose, I know
But don't start to think that's really true
You've got the walking blues today
But soon we'll stand and let the music play Everything we dream is clear
Everything we need Let's say, you and I we find
Something hard to hold, let's keep it in our mind
And let it fill our days
Then we slip and finally let it stray
Now we're in for the long ride
We can let the rest slip aside Everything we see is clear
Everything we feel is clear
Everything we dream is clear
Everything we see is clear
