

# Prayer Moves the Heart

## Inspirations

Prayer moves the heart that moves the hand that moves the world.  
When He hears His children's voice, the very heart of God is stirred.  
He has promised He will answer. We can take Him at his word.  
Prayer moves the heart that moves the hand that moves the world.

We serve an awesome, mighty God with power in His hands.  
All creation must obey His every command.  
There's not one joy He will withhold.  
There's nothing He can't do.  
He will work His wonders when He hears from me & you.

Prayer moves the heart that moves the hand that moves the world.  
When He hears His children's voice, the very heart of God is stirred.  
He has promised He will answer. We can take Him at his word.  
Prayer moves the heart that moves the hand that moves the world.

God knows each need before we ask. Before we call He's there  
So there seems no need for us to call His name in prayer.  
But when we speak His precious name, we reach a holy place  
& there His heart is touched by faith & He responds with praise.

Prayer moves the heart that moves the hand that moves the world.  
When He hears His children's voice, the very heart of God is stirred.  
He has promised He will answer. We can take Him at his word.  
Prayer moves the heart that moves the hand that moves the world.
