

Happy To Be Living

Mac Lethal

No lie... I woke up at 5:30 In the morning on sunday with this new melody
And song in my head. Thought of this shit in my sleep. BlackClover
in the house, BlackClover in the h-h-h-h-house.

Ay yo i'm livin'. Happy to be lucky, Inchin, Closer to my Goals theres better grub up in my kitchen? baby listen,
I'm Lucky to be happy,

Kissin', Momma on the head and thankin' daddy for his wisdom, Not to mention, I actually don't want these
women,

I love a women that can squeeze the sun like its a lemon So I'm twistin, Bubble gum 'nd passing,
sittin, on the porch with friends

I'm just happy I'm not kiddin'? man I'm Livin', Happy to be lucky, Fixin',
All the broken parts and twisted screws that once were missin',
My condition, is wonderful and flashy, gettin, Money but to money I am actually indifferent So I'm living,
Happy to be lucky, Lucky that I realize

Life don't have to be so ugly, So I'm livin', It could've been different,
I coulda died yesterday but luckily I didn't Guess I'm lucky that I'm living',

I Happy that I'm Lucky,
Inchin', Closer to my Goals theres better grub up in my kitchen? baby listen, I'm lucky to be happy.
I'm just lucky that to be happy, and I happy to be livin', Happy to be lucky
Inchin', Closer to my goals theres better grub up in my kitchen? Baby listen, I'm lucky to be happy.
I'm just lucky to be happy and I'm happy to be livin', Happy to be lucky

Grippin', Positive, influence, I Dont listen if its temptin', if they trippin'. Underneath the backseat,
CLippin', Why do rappers always put that bullshit in they writtin's,
'Cause their livin's, crappy and its ugly, Dissin',
Then the soul beneath ya, let me focus, pay attention, I envision, the night is warm and endin'? Distance, the
stars are
colored ivory and the crescent moon is crimson, this is livin',

Happy to be lucky, fixin', All the broken parts and a brand new starter and an engine? My condition,
Is lucky and its happy, Gettin', Up to watch my flix? and make me breakfast
in the kitchen, I'm just livin', Happy to be lucky. Lucky that I realize
Life don't have to be so ugly, So I'm livin', It could've been different,
I coulda died yesterday but luckily I didn't Guess I'm lucky that I'm living',

Happy that I'm Lucky,
Inchin', Closer to my Goals theres better grub up in my kitchen? baby listen, I'm lucky to be happy.
I'm just lucky that to be happy, and I happy to be livin', Happy to be lucky

Inchin', Closer to my goals theres better grub up in my kitchen? Baby listen,
I'm lucky to be happy. I'm just lucky to be happy and I'm happy to be livin'... Baby I'm Happy to be livin'...

Ay yo I'm sitting here, sunday mornin' I just woke but im sippin' beer, I'm so happy to be lucky that its crystal
clear,

I'm so lucky to be happy if the end is near, I don't care 'cause I'm livin' and I'm sittin' here', sunday morning
'bout

to fall asleep just sippin' beer, I'm just happy to be lucky that its crystal clear, I'm so lucky to be happy if the
end is near,

I don't care 'cause I'm Lucky to be livin',

Happy to be lucky, Inchin', closer to my goals theres better grub up in my kitchen baby listen, I'm lucky to be
happy, Kissin',

Momma on the head and thankin' daddy for his wisdom, There you're livin', Happy to be lucky, Inchin', Closer
to my goals theres

better grub up in my kitchen Baby listen, I'm lucky to be happy. I'm just lucky to be happy and I'm happy to be
livin'.
