

# Ur Love (feat. Barrington Levy)

## Slightly Stoopid

Making in the industry  
Barrington Levy  
Slightly stoopid Your love taking the tone out of me  
Yes your love taking the tone out of me  
Black roses  
Can't keep the trick without you  
Can't even sleep without you  
You're my friend, friend 'til the end  
A love song to leave you around the bed  
Your love taking the tone out of me  
Yes your love taking the tone out of me And on the the run I take my lova'  
All appear to me harsh  
I be molding and I'm dumb and you go to pull the skunk  
Keep us separated we could never be apart  
Let the turn be on we moving from the very start  
Never wanna be lonely  
Listen to the karma and come home back  
The thing that I be making you control that  
You got the evening to my other that I told you Time, time, time won't be lonely  
I'm running out of time, I got my pussy  
No reason not to run up in my fussy  
If they be calling me to change them way  
Leave the man out leave the man to feel  
You smoke it on, then I wanna wanna play dumb  
Bad boy don't say no  
I wanna meet your lovin' and I'm all to the morning  
This from the bottom of my all  
Even though the world keep tearing on some ball on me
