

Starlight, Starbright

[Rick Springfield](#)

Starlight, starbright
Come out of the dark Hear me wishing on it
Starlight, hear me crying at the moon
Oh, I'm wishing for you, starbright
(I'll get ya) Starlight, starbright
Come out of the dark
Starlight, Starbright
And into my heart Every night hear me wish for you
Every night hear me call your name
Oh starlight, it's true
(I'll get ya) Starlight, starbright
Come out of the dark
Starlight, starbright
And into my heart Starlight, starbright
Come out of the dark
Starlight, starbright
And into my heart Starlight, starbright
Come out of the dark
