

I Did

Gingersol

Whoever needed you
Well, I did
Whoever wanted you
Well, I did
Who said she loved you
More than anything
And be true
Well, I did
Yes, I did
Oh, how I did
Who laid up many nights
Crying for you
Well, I did
Oh, how I did
Who was the fool
To give so much to you
Well, I did
Yes, I did
Oh, how I did
Who said she loved you
More than anything
And be true
Well, I did
Yes, I did
Oh, how I did
If anyone on earth could make me happy
Baby, you could
And if we had a chance and who would wait forever
Honey, you know I would
Who said she loved you
More than anything
And be true
Well, I did
Yes, I did
Oh, how I did
Who said she loved you
More than anything
And be true
Well, I did

Yes, I did
Oh, how I did
