I'm In Hell

Cliteater

No ground for pity
Did this to myselfI am in hellO sweet torment embrace me
I am in hell
This is it, this is all
I am in hell
Suffer equals pleasure
I am in hell
Brings a feeling one can't measuryEquilibrum[Chorus x2]
Not to be reached
I am in hell
This is where I want to be
I am in hellChosen path, to be walked till the end
If you don't follow, leave me alone
Misery tastes sweet
