## **Loosen Up My Strings**

## **Clint Black**

No one's gonna jerk me around
Once I get my feet on the ground
I'm gonna hit it runnin'
Gonna call it a day
See, a little bit of tension

Goes a long, long wayThe boss man has got mine in a sling
But I'll be swingin when I loosen up my stringsEvery night when the sun goes down
You won't find me hangin around
I'm in loco-motion like a rock out on roll

I'm nobody's puppet

I'm out of controlThe boss man has got mine in a sling
But I'll be swingin when I loosen up my...Now, when it comes to getting down
And I'm always keepin track

I don't need some yo-yo takin up my slackThe boss man has got mine in a sling
But I'll be swingin when I loosen up my stringsYeah, he'll have a line on me til my fat lady sings
But I'll be swingin while I loosen up my strings
Yeah, we'll all be swingin when I loosen up my strings
Hey, we'll all be swingin when I loosen up my strings
