If You Really

The Katinas

(verse one)
Some say I am just ok
Some wait until its way to late(to late)
Come on decide today (yeah)
We must start tellin our lift our
Voice up and shout out loud
Turn the gray away
(prechorus)
He's calling you to stop coming from the rain
For he's waiting all this time to see if you would make the change
(chorus)
If you really want to see the fire fall
If you really want to hear him when he calls
If you really want to know the real thing
Gotta let it go gotta let it flow through you
If you really want to searve him with your heart
If you really want to promise set apart
If you really want to go the distance
Gotta make a choice can't you hear is voice calling?
(verse2)
No more living like its fine
No more wasting all your time
No time and your life is all a lie(all a lie)
Your new giving all you got what's wrong
When you're living hot so hot
He's walkin by your side
(prechorus)
Stop now and hear his voice is callilng you to see
For he wants to walk into you live and share his destiny
Oh oh oh
(chorus)if you really want to see the fire fall
If you really want to hear him when he calls
If you really want to know the real thing
Gotta let it go gotta let it flow through you
If you really want to searve him with your heart
If you really want to promise set apart
If you really want to go the distance
Gotta make a choice can't you hear is voice calling?
I lay them down Lord every last little thing you said that

Came and gave me life and live abundantly I decide to walk with you
I'm not holdin on to this world selling every thing I got to purchase
Your precious pearl make me vessel in your father
You loe that what were tryin take a source about the mile I'm ready
