

Be There With You

Human Nature

I never cared for simple words of tenderness
I never thought my life could be as sweet as this
But now I know, I want to spend it all with you, baby I drive my car and think about you constantly
I lie awake and I want to feel you next to me
What can I do? My life's only complete with you, baby
Oh don't you know You are the one I treasure
A part of me forever And I'll be there with you
Whatever you do
With all of my heart I promise you
I'll be there with you Just know that it's true
With all of my heart I'm there for you
Wherever you go I'll be there
Whatever we're up against
Just know that I'll be there with you You're like the sun that brightens up the darkest skies
The only one I'm seeing when I close my eyes
Oh can't you see, you'll never be alone again, baby
Don't you know You are the one I treasure
A part of me forever You're like the sunrise I've waited to see
A beautiful moment always with me
I've waited a lifetime only to be, be with you You're like the sunrise I've waited to see
A beautiful moment always with me
I've waited a lifetime only to be, be with you
