Touch

Omarion

Yeah, let's get real comfortable
Lay back, what?
Lemme tell you
What I'm thinkin', lookWe known each other for some time
I think it's time, sorry baby
I been havin' visions, fantasies
(Fantasies)
Am I out of line?Just back into it and let it touch
(Touch)
Come on and move and let it touch
(Touch)
We cannot lose, just let it touch
(Touch)
I will be true, come on and let it touch
(Touch)(Touch)
I see you naked
(Touch)
I'm 'bout to do it with the light on
(Touch)
Keep the lights on(Touch)
You're right with me, next to my bed
(Touch)
Givin' me head
(Touch)
Keep the lights onMy eyes have seen nothin' like you
Wanna bite you
So sweet, not tryna be
Disrespectful
But I just want to get you toJust back into it and let it touch
(Touch)
Come on and move and let it touch
(Touch)
We cannot lose, just let it touch
(Touch)
I will be true, come on and let it touch
(Touch)When you walk in
(Touch)
In your sexy lingerie
(Touch)

In the middle of the doorway
(Touch)
Keep the lights on(Touch)
You know what I'm sayin'
(Touch)
I'm a take it off slowly
(Touch)
Peel you like a banana
Keep the lights onOh, baby by the way
(Oh, baby by the way)
Tell me no, I want you
(Tell me no, I want you)
'Cause you know at the end of the day
(Know at the end of the day)
Everything is up to youJust back into it and let it touch
(Touch)
Come on and move and let it touch
(Touch)
We cannot lose, just let it touch
(Touch)
I will be true, come on and let it touch
(Touch)(Touch)
(Touch)
(Touch)
Yeah, now we close to the end
Keep the lights on(Touch)
(Touch)
I'm comin' to you
(Touch)
Keep the lights onReal slow, yo
(Touch)
Yo, everybody
How you feelin' out there?
(Touch)I wanna thank y'all, for partying with me
(Touch)
(Touch)
Yeah, oh, yeah
(Touch)You can turn the lights off now
(Touch)
Peace
(Touch)
(Touch)
