

Open Up Your Arms

Her Majesty

How you see me..
How you see me..
Y'say that you can see me..
But i can't see you lookin' anymore.

How you know me..
How you know me..
You sayin' that you know me..
But i don't see us talkin' anymore..

CHORUS

Open up your arms..
Let me in....
Let me in before it's too late darlin'
Open up your arms..
Let me in....
Let me in....
Before it's too late

How you hear me..
How you hear me..
You say that you can hear me..
But I don't see you listening anymore..

Think you've sussed me..
Think you've sussed me..
Think that you have sussed me out..
But I know that, you don't know what you're talkin' about..

CHORUS

Open up your arms..
Let me in....
Let me in before it's too late darlin'
Open up your arms..
Let me in....
Let me in....
Before it's too late.....

(fading backing vocals)

Let me in...

Let me in before it's too late Darlin...

Open up up your arms..

Let me in...

Before it's too late...

Open up up your arms..

Open up up your arms..

Open up up your arms..

Open up up your arms..
