

# Immolation

## Becoming the Archetype

Oh, the misery of my people  
I've heard them crying out  
    Their lamentation  
The deafening sound of sorrow  
    Clothed in anguish  
They've been enslaved for generations  
    But now the time has come  
        I will deliver them  
        One fire burns within my soul  
Consuming all of the doubt in my mind and infusing my soul with purpose again  
    Awake from sleep my chosen people  
Break the bonds of slavery and step out into new life  
    Hear the word spoken through flame  
        A fire that cannot be quenched.
