

# Gloryland

## Audio Adrenaline

I've worked hard  
And I'm ready for a long vacation  
Got some money in my pocket  
And I'm going down to the station  
Saw a poster on a wall  
And the place looked really nice  
A man with a beard said, "Follow me  
I'll take you to paradise"  
If you want to come with me there's room  
There are no legal limits  
There's always room for one more soul  
So why not come and get it  
I want to ride this train to Gloryland  
(Ride this train)  
So why don't you come up here and join the band?  
(Join the band)  
Met the man with the beard  
Halfway through Kentucky  
He walked with me and he talked with me  
Some people say I'm lucky  
For that day the man I met  
Paid the full price  
Now I ride the train for free  
The train to Paradise  
If you want to come with me there's room  
There are no legal limits  
There's always room for one more soul  
So why not come and get it  
I want to ride this train to Gloryland  
(Ride this train)  
So why don't you come up here and join the band?  
(Join the band)  
I want to ride this train to Gloryland  
(Ride this train)  
So why don't you come up here and join the band?  
(Join the band)  
If you want to come with me there's room  
There are no legal limits  
There's always room for one more soul  
So why not come and get it  
I want to ride this train to Gloryland  
(Ride this train)  
So why don't you come up here and join the band?  
(Join the band)  
I want to ride this train to Gloryland  
(Ride this train)  
So why don't you come up here and join the band?  
(Join the band)
