

# I Want I Want

## H2O

I want what the other kids have, I want it all I want I want what the other kids have  
I want brand name shoes and a big shot dad  
I want perfect teeth and something to smile about  
I want an invitation  
And my own cell phone and something to talk about  
I want imagination But there's no money for me to play  
I want I want what I want and I want it now  
There's enough food on the table so I guess it's ok  
I want I want and I want it now  
I want I want  
I want I want what the other kids have  
I want I want, I want it all I want I want that video game  
Don't want to have to use my brain  
I want to go where the cool kids go  
I'm sneaking in but they don't know There's no money for me to play  
I want I want what I want and I want it now  
But there's enough food on the table so I guess it's ok  
I want I want and I want it now  
I want I want, I want it all  
I want I want  
I want I want what the other kids have  
I want I want  
I want it all If I don't get these things I ask for maybe I should run away  
But there's enough food on the table so I guess I'll stay  
I want I want I want I want what the other kids have  
I want brand name shoes and a big shot dad  
I want perfect teeth and something to smile about  
I want an imagination There's no money for me to pay  
I want I want what I want and I want it now  
But there's enough food on the table so I guess it's ok  
I want I want and I want it now  
I want I want what the other kids have  
I want I want I want what the other kids have  
I want I want I want it all
