Bed Peace

Jhene Aiko

[Verse 1: Jhene Aiko]
Wake up, wake up
Gotta get this paper, get this cake up
Gotta do my hair, gotta put on makeup
Gotta act like I care about this fake stuff
Straight up what a waste of my day
If I had it my way I'd roll out of bed
Say bout 2:30 mid day
Hit the blunt then, hit you up to come over to my place
You show up right away
We make love then and then we fuck
And then you'd give me my space
Yeah[Hook: Jhene Aiko]
What I am trying to say is
That love is ours to make so we should make it
Everything else can wait
The time is ours to take so we should take it[Verse 2: Jhene Aiko]
Wake up, wake up, bake up
Gotta heat the vape up
Lets get faded
Gotta call your job tell em' you won't make it
Ain't nobody here baby lets get wasted
We should just get naked
Cause I be working hard and I know you be on that same shit
Every other day's a different game that you just can't win
I just want to ease your mind and make you feel all right
So go head tell your baby mama you gon be with me tonight
Right[Hook: Jhene Aiko]
What I am trying to say is
That love is ours to make so we should make it
Everything else can wait
The time is ours to take so we should take it[Verse 3: Childish Gambino]
It's not love, but it's pretty close
Hot fudge and a little smoke
I didn't mean it means nothing to you
Hands locked on my black couch with nothing to do
Can't stop on cloud 20
Married to the drugs, but the feels keeps coming
Finally stop crying, but your nose is still running

Wipe it on my shirt, haha on my sleeve
You tell me that you wanna do it big
I love when you say "guess what?" (What? What?)
Giving me stories of another nigga kid
And I wonder why I'm all messed up (up up up up)
Cause we gotta be responsible sometimes
Being a class act nevermind my alumni
I don't wanna be a round a baby so dumb high
I don't see the beauty of a momma on insides
Curled up with my head on your chest
It's the best remedy for the pain and the stress
If the world doesn't change then we'll never get dressed
It will be like this to the kiss of the death
Of my soul, bowl of the blue dream ,no
Not a good team, once sold two half's
No joke, who laughs?
Just us (Just us, just us)[Verse 4: Jhene Aiko]
Okay, got this OJ and Jose
Mixed it up with that Rose
We gon' do this our own way
Alright, okay,
What is it that your smoking?
Piece it up with this peace and love
And this peace and love like the old days[Hook: Jhene Aiko]
What I am trying to say is
That love is ours to make so we should make it
Everything else can wait
The time is ours to take so we should take it[Outro: Jhene Aiko]
We should stay right here
We should lay right here
Cause everything is okay right here
You should stay right here
We should lay right here
Cause everything is okay right here
