You and I

Nancy Lamott

You and I will travel on together,
We'll persue our little star together,
We'll be happy as we are together,
We may never get to Heaven,
But it's Heaven at least to try.You and I are going on together
Till the time we have is gone together
Watch the evening drawing on together
Growing older, growing closerMaking memories that light the sky
That only time can make
That only love can make
That only we can make,
You and I.
