

# The Bright Young Things

## Marilyn Manson

We'll be the worms in your apple pie  
Fake abuse for our bios, blacken our own eyes  
Grass isn't greener on the other side  
We set it on fire and we have no reason why  
We set fashion, not follow  
Spit vitriol, not swallow  
We set fashion, not follow  
Spit vitriol, not swallow  
Good for nothing  
But being everything that's bad, bad, bad  
Good for nothing  
But being everything that's bad, bad, bad  
We know who we are and what we want to say  
And we don't care who's listening  
We don't rebel to sell, it just suits us well  
We're the bright young things  
Got my villain necktie and a mouth of hi-fi  
So sharp, I'm bleeding from my Judas hole  
Arch dandy, no-goodnik and I'm headed for Crashville  
I'm most monster with the groan box in the 'Meat Show'  
We set fashion, not follow  
Spit vitriol, not swallow  
We set fashion, not follow  
Spit vitriol, not swallow  
Good for nothing  
But being everything that's bad  
Good for nothing  
But being everything that's bad  
We know who we are and what we want to say  
And we don't care who's listening  
We don't rebel to sell, it just suits us well  
We're the bright young things  
Crashing the ether, we've got the loudest stereotype  
Even neophytes deep 6 your pro-life  
We don't need to move a single prayer bone  
We're so beautiful and damned, simply as a 'still-life'  
Perpetual rebellion with absolutely no cause  
Stop the song and remember what you used to be  
Somebody that could fucking impress me  
We know who we are and what we want to say  
And we don't care who's listening  
We don't rebel to sell, it just suits us well  
We are the bright young things  
We know who we are and what we want to say  
And we don't care who's listening  
We don't rebel to sell, it just suits us well  
We're the bright young things  
Good for nothing  
But being everything that's bad

Good for nothing  
But being everything that's bad
