Fly Like a Bird

Donnie Soper

There was a howl that night
A howling like they never heard before
A cry so loud, ol granddaddy almost hit the door
He said I love this child as much as any one that she ever bore,
But I thank the Lord, we wonâ€™t be having anymore
Then the baby heard the sweetest sound heâ€™d ever heard
She sang hush my love, grannyâ€™s little dove is gonna take to the sky
It was on such a night, he learned to fly like a bird
Now the years have passed and memories come and go
He hears that voice that rocked him gently so
A calm will descend and thereâ€™s a peace at the end of the darkest night
Sometimes I cry, sometimes I fly like a bird.

Musical break

Now the years have passed and memories come and go
He hears that voice that rocked him gently so
Well the rainâ€™s gonna fall and the wind may blow on the darkest night
Sometimes I cry, sometimes I fly like a bird.

Musical break

A calm will descend and thereâ€™s a peace at the end of the darkest night
SomSometimes I cry, sometimes I fly like a bird.
Oh lord, sometimes I cry, sometimes I fly like a bird.
