Livin' It Up

Banshee

Ain't good for your soul to stay on cruise control
And let the good times pass you by
It's been way too long since we carried on
So let's get off this painted pony ride
Hop a fence, chase the wind to the wilder side
Start livin' it up, throwin' it down, here we go
Layin' it back, spinnin' around, vertigo
Takin' it in, shakin' it out
Keepin' it real, keepin' it loud, give me some
Gettin' it on, gettin' it now, here we come
Life is a blast, ain't it about livin' it up?
C'mon let's raise the roof, light that party fuse
Set it off and burn this mother down, yeah
Slam it into gear, do it up in here
Get all crazy like we own this town
If you're in, say you're in, let me hear you now

Livin' it up, throwin' it down, here we go
Layin' it back, spinnin' around, vertigo
Takin' it in, shakin' it out
Keepin' it real, keepin' it loud, give me some
Gettin' it on, gettin' it now, here we come
Life is a blast, ain't it about livin' it up?
Livin' it up, throwin' it down
Layin' it back, spinnin' around
Life is a blast, ain't it about
Livin' it up, throwin' it down, here we go
Layin' it back, spinnin' around, vertigo
Takin' it in, shakin' it out
Keepin' it real, keepin' it loud, give me some
Gettin' it on, gettin' it now, here we come
Life is a blast, ain't it about livin' it up?
Oh, livin' it up, baby
