Watch Me

Lorrie Morgan

The more I needed, the less you gave
I guess you thought that it worked that way
You never would listen and now that I'm leaving
You're not believing a word I sayOh, if you think I won't go, watch me
Oh, watch me prove you wrong today
You don't even know you lost me
You think I'd always stay
Oh, just watch me walk awayDon't tell me that it can't be done
That the world is colder without someone
Yeah, it might get lonely, it might get crazy
But this time, baby, I'm as good as goneOh, if you think I won't go, watch me
Oh, watch me prove you wrong today
You don't even know you lost me
You think I'd always stay
Oh, just watch me walk awayCab on the street
Hand on the door
Bag at my feet
Need I say more
Oh, watch meYou don't even know you lost me
You think I'd always stay
Oh, just watch me walk away
Oh, just watch me walk awayOh, if you think I won't go, watch me
Oh, watch me prove you wrong today
You don't even know you lost me
You think I'd always stay
Oh, just watch me walk awayYeah, if you think I won't go, watch me
Oh watch me prove you wrong today
You don't even know you lost me
You think I'd always stay
