

# Hero

## Miguel

Yeah, yeah, yeah, yeah  
I'm here to catch you when you fall  
I'm here to answer when you call  
In the morning, in the evening  
Baby, even in the afternoon  
I got the strength and the nerve  
Here to protect you and to serve  
In the morning, in the evening  
Baby, even in the afternoon  
I'm your hero, hero  
Your friend, your protector for you  
For you, for you  
I'm your hero, hero  
Your friend, your protector for you  
For you, for you, for you  
I'll be your superman in bed  
Yeah, you heard just what I said  
In the morning, in the evening  
Baby, even in the afternoon  
I'll stop a train for ya  
I'll catch a plane for ya  
Sugah, don't never doubt it

In the morning, in the evening  
Baby, even in the afternoon  
'Cause I'm your hero, hero  
Your friend, your protector for you  
For you, for you  
I'm your hero, hero  
Your friend, your protector for you  
For you, for you  
Oh, from the heights in the sky  
To the depths in the sea  
I'm your guy, I'm your guy, yeah  
No mess, no suite, no cape, no wrap, no boo  
Like the power of love, baby, give me your trust  
I'm your hero, hero  
Your friend, your protector for you  
For you, for you

I'm your hero, hero  
Your friend, your protector for you  
For you, for you  
[Incomprehensible]No suite, no wrap, no boo
