

# Get Ready For This

## 2 Unlimited

Y'all ready for this? Get down with the sound, house on the ground  
Freeze when I squeeze, drop to your knees  
You must of bet, I'm in here to stay  
Ready to take you around the way So you get ready for this, mind your own biz  
'Cause I am bad, yeah the microphone wiz  
No need to sit, 'cause we're 2 Unlimited  
Ready, ready, ready for this Feel the base, you just get closer  
Be impressed by the words I chose of  
Once again kickin' it live  
Doin' everything yo just to survive Above the law, I take our stand  
Being on stage with a mic in my hand  
Bustin' it loud to the crowd  
The age is 20, I'm from the south Be a part, break my heart  
Get ready for this, mind your own biz  
People in the front, show me what you want  
And I won't give it in, get ready for this We're 2 Unlimited, so people won't you sing?  
Movin' up and down, dancin' on the ground  
Feelin' kinda free, security  
How's this sound, that moves you from the ground House on the ground, bass in your face  
Racin' the place, no time to waste  
Being hypnotized, I can see it in your eyes  
Feelin' kinda better, put on your sweater Feelin' like a white, I think it doesn't matter  
Super, dope, def, and even outrageous  
If I was an animal, they'd 've kept me in cages  
So get ready for this Y'all ready for this? Be a part, break my heart  
Get ready for this, mind your own biz  
People in the front, show me what you want  
And I won't give it in, get ready for this We're 2 Unlimited, so people won't you sing?  
Movin' up and down, dancin' on the ground  
Feelin' kinda free, security  
How's this sound, that moves you from the ground
