Good Luck, Good Health, God Bless You

Steve Conway

Good luck, good health, God bless you
Thatâ€™s all my heart can say
Good luck, good health, God bless you
And guide you on your way
No matter where you wander
As long as weâ€™re apart
Good luck, good health, God bless you and keep you
And keep me still in your heart

(Good luck, good health, God bless you)

Iâ€™ll be waiting for you

(Thatâ€™s all my heart can say)
(Good luck, good health, God bless you)

All my prayers are for you
To guide you on your way
No matter where you wander
Wherever you may roam
Good luck, good health, God bless you and keep you
And bring you safely back home

(Bring you safely back home)
