

# Long Summer Days (BBC In Concert)

[Emf](#)

Long hot summer days  
Traveling out far  
This driving music, makes us feel  
More than we ever are Trying hard to get away from you  
Trying hard to get away from you Long hot summer days  
Traveling out far  
This open window  
Make us feel, more than we ever are Trying hard to get away from you  
But sure enough, I'm falling apart
