What I See

Lacuna Coil

Hear what I say

I'm gonna get out of my mind where I'm going to Be on your way, your spirit is crawling after

Will I disappear? Everything dies nothing to worry about

Everything goes on, goes on, goes onI just don't know why everything has to go away

I just don't know why everything has to fade away

I cannot escape there's nothing more I can do

I just don't know why do I need youSee what I see

I'm gonna get out of my mind

Where I'm going to

No more, no moreI'm ready to go serene to find

There's nothing to hold to reach youEverything dies nothing to worry about

Everything goes on, goes on, goes onI just don't know why everything has to go away

I just don't know why everything has to fade away

I cannot escape there's nothing more I can do

I just don't know why do I need youI just don't know why everything has to go away

I just don't know why everything has to fade away

I cannot escape there's nothing more I can do

I just don't know why do I need youI just don't know why everything has to go away

I just don't know why everything has to fade away

I cannot escape there's nothing more I can do

I just don't know why do I need you
