

I'm Sorry, I Am

Brokencyde

I've been writing this letter
For a couple of months now
And right now
What I wanna do
Is I wanna express this letter
To you

It goes like this(Chorus)Your eyes
They flow
From all the pain I caused
I lost my cause
I only broke your heart
Alone I cry
I tried so hard to break you
I love you
I hate you

Why wont you let me go?I, I feel the raindrops fall
These tears wont take you away,
I'm sorry I amI, I hear the thunder scream
It's screaming out for me,

I'm sorry I amThe rain it drips the rain drops dripping (x8)The rain drops downYour eyes
They flow
From all the pain I caused
I lost my cause
I only broke your heart
Alone I cry
I tried so hard to break you
I love you
I hate you

Why wont you let me go?The rain will follow me, I feel like I can't breath, I'm sorry
I fell asleep again, when will this tempest end, I'm sorry I amThe rain it drips the rain drops dripping (x8)Your
eyes
They flow
From all the pain I caused
I lost my cause
I only broke your heart
Alone I cry
I tried so hard to break you
I love you
I hate you

Why wont you let me go?I, I dreamt that you were here, lying next to me,
I'm sorry I amI, I finally realized that I fucked up your life,
So I'm sorry I amThe rain it drips the rain drops dripping (x8)Your eyes
They flow
From all the pain I caused
I lost my cause
I only broke your heart
Alone I cry
I tried so hard to break you
I love you
I hate you
Why wont you let me go?I'd die tonight
If only you were here
I'd tell you I'm sorry
I'd fucking disappearBetrayed,
You look so pretty now
Without me
Alone
The tears come crashing down.
