

# Midnight Sun

[Diana Krall](#)

Your lips were like a red and ruby chalice  
Warmer than the summer night  
The clouds were like an alabaster palace  
Rising to a snowy height  
Each star its own Aurora Borealis  
Suddenly you held me tight  
I could see the midnight sun I can't explain  
The silver rain that found me  
Or was that a moonlit veil  
The music of the Universe  
Around me  
Or was that a nightingale  
And then your arms miraculously found me  
Suddenly the sky turned pale  
and I saw the midnight sun Was there ever such a night  
It's a thrill  
I still don't quite believe  
But after you were gone  
There was still some  
Stardust on my sleeve The flame of it may dwindle  
To an ember  
And the stars forget to shine  
And we may see the meadow in December  
Icy white and crystalline  
But oh my darling always I'll remember  
When your lips were close to mine  
And we saw the Midnight Sun  
The Midnight Sun
