

# Workin'

## Royale

Yea,  
Yea, eh eh,  
YeaThey're trying to get me outta my lane  
Asylum flow my shit is insane  
Keep my name out your mouth don't say it in vein  
I smoke just to ease up the pain  
You and I ain't one in the same.  
I do it no practice  
I peep most of y'all are hustling backwards  
My eye on the atlas  
Like look at the clients  
I got in my pocket I do this for profit  
Speak for my people who ain't never had shit  
But hope and a dream  
The will of machines  
Ambitions to get out of hardships  
I'm talking the projects  
The bottom my nigga right out of the marsh pit  
Where life is the hardest  
Winters the coldest  
Learn how to live with two options  
To give up or try  
Try to survive  
Fuck the stakes and just roll up the dice  
Shake the haters and wave em goodbye  
Keep chasing dreams so while I'm alive.2x  
I'm out here workin'  
Workin'  
Man, you're out here lurkin'  
Hurtin'  
Man I'm out here Workin'  
Workin'  
Aye  
Fuck the fame, I'm ain't paying the price  
True to the game while you're living a lieEveryday I pray for better days  
Trying to shine like the sun rays  
Stayed away from the block for the bread  
Even though we all know that crime pays  
I got kids I ain't trying to catch a case

Pumping tracks call it pushing base  
Shout out if you never kept the faith  
When it's over at least I did it my way  
Never been one to just seat back and watch  
Had to go get it regardless the odds  
Of making it big or making it far  
Had to be NASA to see I'm a star  
Flew by the doubters who gave no support  
Asked me to change paid em' no mind at all  
Stuck in my ways I'm just caught in my zone

No Jay or Ye but I'm Watching The Throne Skinny nigga ain't seen a gym yet It's funny how  
I'm raisin the bar  
These other niggaz here pose no threat  
They're finished as soon as I'm on  
You fucking right I'm always keep my mind set  
Usually right when they tell you you're wrong  
So I'm gonna go ahead and keep minding my own  
Stuck to the code till the day that I'm gone
