All Hail

The Devil Makes Three

Come on down to where them tracks cross high street
you can watch the whole world go insanesee the lighters hit the rocks in the bushes
like the stars are coming down like rainhere she comes just a skin and bones skeleton
shes food for the crack cocaineshe got a baby living right outside the city
man, she don't even remember his namewell his name is Adolf Hitler, Albert Einstein, Jesse Jamesall hail, all hail, to the greatest sale
everything insides got to be soldall hail, all hail, its to work hard in jail
man they're closing them doors on the worldLaugh if you want to, really is kinda funny
'cause the world is a car and you're the crash test dummy
hurts stampeding now, fences gone
television is always on - and it sayssave the children, but drop the bomb
replace the word right now, with the word wronghey there's a big sale on tuesday, get it 'fore its gone
get a picture with the four horsemen for a nominal sumNow that they got everything they'd like to sell you some!
(chorus)
Take this pill now and put it on your tongue
keeps you active, just like everyonekeeps you from feeling good, bad, ugly, crazy, dumb
it ain't a drug god-dammit! I give it to my only son!well, noone's gonna get arrested, noone's having any fun
doctor's orders: you feel your heart beating? go ahead and take you one!
and now you're duller than a singing saw
playing hookup to the nub (?)its a thorazine work party with free fluoride bubble gumman you wander like a zombie out into the midday sun!(chorus) x2
