

# With You

Sam Cooke

with you  
although I'm poor  
I feel like a king  
with you  
though I have nothing  
I feel I have everything

but without you my dreams soon fade away  
I'd be here crying day after day  
promise me you'll never leave me

when I'm with you  
life means everything to me  
with you  
just like a child I'm happy as I can be  
without you I'm lost like a child all alone  
crying for its mother and wishing she was home  
I know you'll never leave me

you are my love  
for your wonderful love I live  
you are my life  
for your wonderful love my life I gladly give

when I'm with you  
do I feel the way that I do  
with you  
I found a love that's always true  
but without you I'm lost trying to find my way  
I'd be here crying day after day  
promise me you'll never leave me
