TV World

The Methadones

I get tired of thinking of what I don't want to be
I need a career but the thought depresses me
I see commercials for Devry and ITT
But they just make me want to go back to sleepI just wanna be in my TV world
Not doing anything in my TV worldMy girlfriend's disgusted with me
I drink too much and never miss All In The Family
I need to do something but I just don't know what
I'm flipping through the channels and it's driving her nutsI haven't left the couch for a week
I'm in such a trance that I can hardly speak
I stay in tuned to this warm TV glow these transmitted images are all that I know
