

Woke Up This Morning (Live in Nashville)

Etta James

I woke up this morning, my baby was gone
I got up this morning and my bay was gone
I aint had no real good love, since my man been gone
I aint got nobody to go home with me
I aint got nobody to go home with me
And Im all alone, Im in misery
Oh baby, Im all alone
Yeah baby, Im all alone
I aint had no lovin since my man been gone
Yeah baby, come on home with me
Oh baby, come on home with me
And Im all alone, Im in misery I woke up this morning, my baby was gone
I got up this morning and my bay was gone
I aint had no lovin since my man been gone
Oh baby, Im all alone
Yeah baby, Im all alone
I aint had no lovin since my man been gone
