Love Is a Razorblade

Combichrist

My eyes are black
Tried hard to make 'em dead
You were built that way
You got a graceful lips
And now you kissing my ribs
It has to be this way
Is it love?
Razorblade! Love!
Razorblade! Love!
Razorblade! Love!
Razorblade!
You got a killing touch
A fulfilling launch
Bite with poison rage
You're not killing me
You're not scaring me
Won't take my pain away
Is it love?
Razorblade! Love!
Razorblade! Love!
Razorblade! Love!
Razorblade!
You live inside my brain
Control is the pain
Can't live without
When it's time to go
You gotta let me know
We gonna find a way
What is love?
Razorblade! Love! x7
Razorblade!
Make love like a landmine
We fuck like in war zone
And do all those and hate you
BRING IT ON!
What is love? x5
Razorblade! Love! x7
Razorblade!
