

Someday, Someday

Thirsty Merc

So we've already established the fact that
things are gonna be different in the future baby.

And you've reiterated the fact that you don't
want to get into something that's just gonna have to end later.

Now I know our lives are changing and I've seen
it coming for a while too, don't get me wrong.
And I've been going outta town baby it's gonna happen more,
we gotta be strong but now While I'm gone

Just be a fly on the wall

You know

I'm thinking about you Just wait and see

You gotta hear what I say

I'm in love with you

I'm not so far away Someday, someday

I will be here babe

Someday, someday

I will be the one babe

Someday, someday

I will be here babe

Someday, someday

I will be the one babe I know you gotta go to university and I'm just trying to make some cash to follow my
dreams.

But please don't say we're too busy to give each other the time and support we need
I know we gotta work our jobs and make some money to get by in this expensive world.
Don't let that overtake the fact that before all that, you were still my girl. While I'm gone

Just be a fly on the wall

You know

I'm talking about you Just wait and see

You gotta hear what I say

I'm in love with you

I'm not so far away Someday, someday

I will be here babe

Someday, someday

I will be the one babe

Someday, someday

I will be here babe

Someday, someday

I will be the one babe Someday, someday

I'll know that you love me

Someday, someday
Sorry that I'm leaving
Someday, someday
I will be here babe
Someday, someday
I will be the one babe I'm in love with you
I'm not so far away Someday, someday
I will be here babe
Someday, someday
I will be the one babe
Someday, someday
I will be here babe
Someday, someday
I will be the one babe Someday, someday
I'll know that you love me
Someday, someday
I just need you here with me
Don't have to try
Love will take us there babe
Someday, someday
I will be the one babe Someday, someday
Look towards the sky babe
Someday, Someday
There's no need to cry babe
I know that you're always what I want babe
I will be the one babe
Someday,
I will be the one babe
Someday,
I just need you here with me
