# El Corrido II

## Lawless

El Corrido II

My canine rhymes keep my dogs in line
I was raised around hogs all about the grime
See, I knew i'd get mines in just a matter of time
My pockets gettin' fatter, so I'm packin' a nine
Beretta, and I wet ya, my dogs will come to get ya
Smile, puto, get the picture, when I hit ya
It be cold like the winter, hot ones go win ya
The lines gettin' thinner, the lights go out
At your last dinner, your last supper
The last breed of a bad hustler
Tryna fuck a mob caper, or to take your mama
Throw her off the top of a Skyscraper
The next day, you'll read about it in the paper
Forensics say, somebody musta hit her with the hay
Make a point, blank range, the message is plain
The 40 cal said it all, don't ever short my change

It's a thin line, between the dog and the perro.
A thin line, between the barrio and the ghetto
So keep mines, from the putos with the miedo
This is for my street dog, los perros callejeros.
It's a thin line, between the dog and the perro.
A thin line, between the barrio and the ghetto
So keep mines, from the putos with the miedo
This is for my street dog, los perros callejeros.

The next day, I had my money in full
Paid like that 'cause I'm a hog with pool
These putos knew, not to play with mines
Break the rules and cross the lines
You got to deal with me and my killer canines
Late night, on the creek, packin' heat
Wheter so low, I'll fold deep
I'm always a threat and you could bet
That I could dance underwater and not get wet
Like a triple OG vet sittin' in a jet
About to blast off and crash on your set

I mash for the cash, smash for the dough
It's all about the money, that's all I know
Estilo frÃ-o, this the chico, vendia perico
Hustlin', strugglin', tryin' to get rico
But no suave, 'cause I'm a rugged motherfucker
Me vale madre, smashin' on all you suckers
I mean soca, smokin' mota
Livin' crazy, yeah, you know la vida loca
Sellin' roca for the fichas
I mean the feria, fuck with my clica
I make one phone call and get rid of ya

Yo, what's up?
What's up?
Oh yeah?
Call the perros
Fuck them motherfuckers

It's a thin line, between the dog and the perro.
A thin line, between the barrio and the ghetto
So keep mines, from the putos with the miedo
This is for my street dog, los perros callejeros.
It's a thin line, between the dog and the perro.
A thin line, between the barrio and the ghetto
So keep mines, from the putos with the miedo
This is for my street dog, los perros callejeros.

Soy el perro callejero, fumando de la buena
Puro estilo frÃ-o, corriendo por mis venas
El mero mero, lo que digo es dinero
Cha-ching feria, homeboy, la estÃ¡ aquÃ- entero
Y asi se va a hacer pa'l dos con tres ceros
Porque aquÃ- se chingan, somos pistoleros
En las calles, como los cerros
Y como el toro, les doy los cuernos
Pero de chivo soy vivo
Deme todos, me los jodo, nimodo
Con el quebracoco, quedan pocos
Somos pocos y los billetes es lo que quiero
No te hagas, aquÃ- pagas
Si no traes mÃ¡s, aquÃ- paras
Aguas, ahÃ- te voy, no te mueves
Y con la nueve muchos mueren
No pueden con lo mÃ-o

Estilo guerrillero, les pego con esta bomba

It's a thin line, between the dog and the perro.
A thin line, between the barrio and the ghetto
So keep mines, from the putos with the miedo
This is for my street dog, los perros callejeros.
It's a thin line, between the barrio and the ghetto
A thin line, between the dog and the perro.
So keep mines, from the putos with the miedo
This is for my street dog, los perros callejeros.

This is for my dogs, this is for my perros
(Yeah, you can't fuck this!)
This is for my dogs, this is for my perros
(Lawless!)
This is for my dogs, this is for my perros
(Yeah, For the one, two three)
This is for my dogs, from the barrio to the ghetto.
(And Beyond)
This is for my dogs, this is for my perros
(Yeah, we puttin' it down)
This is for my dogs, this is for my perros
(Choose)
This is for my dogs, this is for my perros
(Let's make a lot of productions)
This is for my dogs, from the barrio to the ghetto.
(Since this gon' get national)
This is for my dogs, this is for my perros
(Yeah, Babe, yeah)
This is for my dog
