Put Your Lips To The Tv

Project 86

You want my head in a basket
This town ain't big enough for
The two of us are disaster
I'm not your stepchild anymore
You can kiss me goodbye
You can kiss me goodbye
You want my head on a platter
?Cause I'm no longer in your control

You can kiss me goodbye
You can kiss me goodbye
Just put your lips to the TV
You can kiss me goodbye
You can kiss me goodbye
You can kiss me goodbye
Just put your lips to the TV
?Cause it's the only way you will see me again
