

Joker

The Intersphere

the curtain drops - lights switched on he stands in front a starving mob

from head to toe - ready to go!

a brooding man - forced laughter makeup and lipstick covers up

the most insane unshed tear remains!

carried a curse in his heart for years, will it ever let him go?

there the cryin' reveals his dumb show!

he lost control

in this massive undertow he grins and bears it... a creeping vertigo congeals his laughter

if he'd ever known he wouldn't have played this game!

betrayed himself in fancy everlasting stigma cuz for once

there is an answer left behind the jokers face!

"irony's misunderstood when you are only listenin"

...bad mood backfires on you!

he lost control

in this massive undertow he grins and bears it... a creeping vertigo congeals his laughter

if he'd ever known he wouldn't have played this game.this damn game... what a shame!

keep his hands oī→€ .keep his hand oī→€ this damn game...!

climax!!!... sensation mongering... lechery... they choke on coke

the big gun blows him across the crowd!

he lost control

in this massive undertow he grins and bears it... a creeping vertigo congeals his laughter

if he'd ever known he wouldn't have played this game.!

he better let it go...!!!!
