

# Hot Kiss

## Juliette And The Licks

Hot kiss, won't you tell me what you miss, boy?  
My love, you got me spinning like a wound up toy  
Hot kiss, won't you tell me what you miss, boy?  
My love, you got me spinning like a wound up toy Oh, father, I pray to thee  
I gotta man so blind I can't see  
I'm his favorite toy like a beach ball  
Play me up and down and throw me 'gainst the wall "Oh, Tallulah", he said, "You're so dramatic  
What's all that shakin' goin' on in your attic?" Hot kiss, won't you tell me what you miss, boy?  
My love, you got me spinning like a wound up toy  
Hot kiss, won't you tell me what you miss, boy?  
My love, you got me spinning like a wound up toy You can't knock it or rock it or be-bop it, it's a itch you can't  
scratch  
Nothing's gonna stop it, I'm a cheater, so ravenous  
Waitin' on my man and his one hot kiss, I'm on the prowl  
Sent my thunder hour after hour, break this spell I'm under Hot kiss, won't you tell me what you miss, boy?  
My love, you got me spinning like a wound up toy  
Hot kiss, won't you tell me what you miss, boy?  
My love, you got me spinning like a wound up toy All my life, I've searched for you, all my life  
All my life, I was searching for you Spinnin' round the room and I can't sleep  
Oh, you're little girl wants to Hot kiss, won't you tell me what you miss, boy?  
My love, you got me spinning like a wound up toy  
Hot kiss, won't you tell me what you miss, boy?  
My love, you got me spinning like a wound up toy Hot, hot, hot, love  
Hot, hot, hot, love  
Hot kiss, hot kiss  
Hot kiss won't you tell me what you miss, boy?
