

# Sorrow In the Wind (with Sharon & Cheryl White)

Emmylou Harris

(Jean Ritchie) I hear the soft wind sighing  
In every bush and tree  
The sound of my heart crying  
When you are far from me When we're apart, my darlin'  
There's sorrow in the wind  
When we're apart, my darlin'  
Sweet sorrow in the wind You leave me in the morning  
Your footsteps die away  
Tho' not a leaf is stirring  
I hear the wind all day When we're apart, my darlin'  
There's sorrow in the wind  
When we're apart, my darlin'  
Sweet sorrow in the wind They say when love grows older  
It dies and fades away  
Yet all our life together  
One ever brightening day When we're apart, my darlin'  
There's sorrow in the wind  
When we're apart, my darlin'  
Sweet sorrow in the wind When we're apart, my darlin'  
There's sorrow in the wind  
When we're apart, my darlin'  
Sweet sorrow in the wind  
Sweet sorrow in the wind
