

# This Train

## St. John Children's Choir

This train is a clean train, you know, this train  
This train is a clean train, I said, this train  
This train is a clean train, everybody riding in Jesus' name  
This train is a clean train, I said, this train  
This train has left the station, you know, this train  
This train has left the station, I said, this train  
This train has left the station and this train takes on every nation  
'Cause this train is a clean train, I said, this train  
It's the prettiest train I ever have seen, this train  
It's the prettiest train I ever have seen, oh, this train  
It's the prettiest train I ever have seen  
But if you want to ride it, you better get redeemed  
'Cause this train is a clean train, I said, this train  
Hey, this train is bound for glory, this train  
This train is bound for glory, I said, this train  
Hey, this train is bound for glory, everybody riding her must be holy  
'Cause this train is a clean train, I said, this train  
Hey, this train don't pull no jokers, I said, this train  
This train don't pull no jokers, ah, ah, this train  
Hey, this train don't pull no jokers  
No tobacco chewers and no cigar smokers  
'Cause this train is a clean train, I said, this train  
This train is a clean train, I said, this train  
This train is a clean train, I said, this train  
This train is a clean train, everybody's riding in Jesus' name  
'Cause this train is a clean train, I said, this train  
Hey, this train is a clean train, I said, this train
