

All Mine

Shola Ama

All mine, all night
All mine
(All mine)
all night
Ooh don't try to fake it
'Cause I just can't take it
'Cause I'm right in the middle
Of a love, babe
Ooh I got your number
And your love I'm under
And I'm right in the middle
Of a love
(And I) I need you now
Got to have you by my side
Got to make you mine all mine (And I)
I need you now
Got to have you by my side
Got to make you mine all mine
(All mine, all night)
Yeah (All mine)
You call my number
It's your love I'm under
(I've got to make you mine. oh baby)
(All night) All mine
You got my heart, don't break it
Here's my love now take it
Touch me right in the middle
Of my love, babe
Ooh, we got something started
Welcome to my party
Rocking tight in the middle Of my love
(* Repeat)
